It seems that, xxxxxxxx, is your password. You may not know me and you are probably wondering why you are getting this e mail, right?

actually, I setup a malware on the adult vids (porno) web-site and guess what, you visited this site to have fun (you know what I mean). While you were watching videos, your internet browser started out functioning as a RDP (Remote Desktop) having a keylogger which gave me accessibility to your screen and web cam. after that, my software program obtained all of your contacts from your Messenger, FB, as well as email.

What did I do?

I created a double-screen video. 1st part shows the video you were watching (you've got a good taste haha . . .), and 2nd part shows the recording of your web cam.

exactly what should you do?

Well, in my opinion, \$2900 is a fair price for our little secret. You'll make the payment by Bitcoin (if you do not know this, search "how to buy bitcoin" in Google).

BTC Address: 1KiCTVUq5A9BPwoFC8S965tsbtqcWr8bty
(It is cAsE sensitive, so copy and paste it)

Important:

You have one day in order to make the payment. (I've a unique pixel in this e mail, and at this moment I know that you have read through this email message). If I do not get the BitCoins, I will certainly send out your video recording to all of your contacts including relatives, coworkers, and so on. Having said that, if I receive the payment, I'll destroy the video immediatly. If you need evidence, reply with "Yes!" and I will certainly send out your video recording to your 6 contacts. It is a non-negotiable offer, that being said don't waste my personal time and yours by responding to this message.
